

# Parineeta Bujor Baruah

*I am a Guwahati based artist and my entire life has been a journey of art. From childhood to my young adulthood as a student at Kala Bhawan, Santiniketan and through all the prime years of my life, Mother Nature has been my inspiration, especially trees. I have participated in numerous national exhibitions (Delhi, Kolkata, Mumbai). Many of my paintings have found their permanent homes locally (Raj Bhawan Assam Governor's house; Assam Bhawan, Mumbai) as well as internationally (Los Angeles and Orange County, California). The moods and colors of nature continue to inspire my art and art continues to nurture my spirit every single day. I believe art is a universal language which has the power to connect people and bring beauty and joy into our lives.*
