

## About me ~

I am Ditimoni Das. I was born in Nalbari, Assam. I graduated from Government College of Art and crafts in 2005.

Since as long as i can remember art has been an integral part of my life and i am grateful that i am able to express myself with my brush. My main themes for painting are Women and Nature. I think there is a similarity between women and nature, most of my works try to show this feeling. I am fascinated by trees, flowers, vines, thorns, fishes, waves etc. Flowers represent dreams and hope. Thorns, the ups and downs of life. I try to give a poetic feeling to my paintings by creating flowing waves and sensitive colours.
